Highlighting location of Student Organization Spaces

LEVEL 2000 (09) FLOOR PLAN  
Highlighting location of Student Organization Spaces

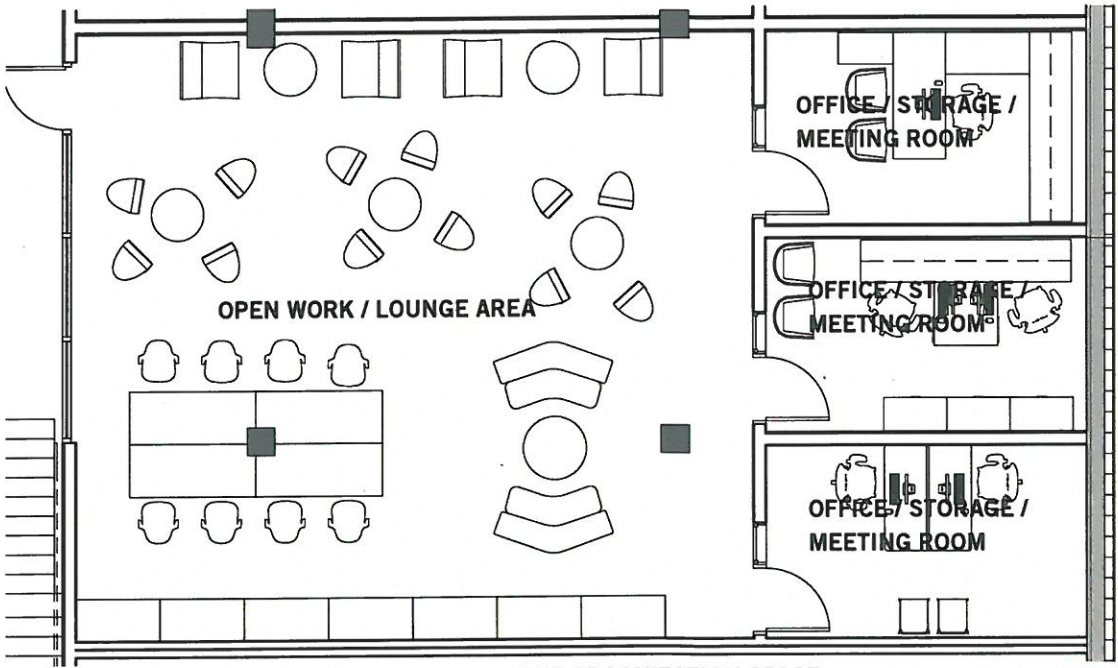

There will be seven student organization spaces located in the building; 5 on level 1000 (08), and 2 on level 2000 (09). These spaces vary in size with 3 large, 2 medium and 2 smaller suites. Each student organization suite will be comprised of 4 rooms:

- 3 small rooms: These 3 rooms can be occupied as needed, and each room will have power and data for 2 computer workstations.
- 1 larger open lounge / work area: This area is suitable as a lounge or a shared workspace, and there will be power and data along the side walls for flexibility of use.

All of the student organizations are accessed off of the main N/S corridor. The wall facing the corridor will be partially glazed (windows) for transparency and visibility, supporting the notion of the visual catalogue.

**FINISHES:**

1. Flooring will be recycled rubber flooring.
2. Ceilings will be acoustic ceiling tile.
3. Walls will be painted drywall.
